Approved For Release 2010/02/01 : CIA-RDP87-00181R000100090013-5

Jim E —

At the DDE Library you can review the 250 pages to:

1. Determine which may be declassified from a CIA point of view;
2. Indicate which of those that remain classified might be of value to his particular research.

Comments:

Mr. EE can have copies of those declassified from a CIA point of view.

If he wants and of the documents which remain classified, he cannot see them and will have to request them under mandatory review.
